### PROFILE

A passionate and detail-oriented front-end developer skilled in creating responsive and visually appealing websites using HTML, CSS, and JavaScript. Proficient in designing user-friendly interfaces with a focus on functionality and performance. Eager to contribute innovative ideas and collaborate in a team environment. Dedicated to continuous learning and enhancing web development skills.

### PROJECTS

#### Credit Card Validator

Luhn Algorithm By Java and HTML, CSS and Javascript

#### Tamil Nadu Electricity Bill calculator

By Java and HTML, CSS and Javascript

#### Age Calculator by REACTJS

Developed an age calculator using React, implementing functional components and hooks for dynamic date calculations. Designed an intuitive user interface with efficient state management. Ensured cross-browser compatibility and responsiveness for a seamless user experience. Enhanced application performance through optimized rendering and lightweight components.

### INTERNSHIP

#### Intern (API Testing)

Worked on API testing of CRUD operations using tokens provided by the intern operation. Utilized Postman for testing and verifying API endpoints

#### Intern (SAADIVSH Interior)

Styled and developed front-end components using HTML and CSS to meet client requirements. Ensured responsive and user-friendly design implementations.

#### Intern (RKB Real estate Project)

Worked in a team environment, contributing to group projects and collaborative efforts. Experienced in using GitHub for version control including pushing and pulling code changes.

### CERTIFICATION

#### SCRUM FUNDAMENTAL CERTIFIED

Based on Agile Methodology

#### JAVA FULL STACK DEVELOPMENT

Payilagam institute Velachery Chennai
