EDUCATION

Bachelor of Engineering

Anjalai Ammal Mahalingam Engineering college

2016-2019

Graduated with a degree in Civil Engineering

SKILLS

- **Selenium**
- **Maven**
- **Pom**
- **Agile Methodology**
- **Mysql, Postgresql**

FRAMEWORKS, LIBRARY

- **TestNg**
- **Cucumber**
- **Git hub**

OPERATING SYSTEM

- **Windows**
- **Linux (Mint)**

TOOLS

- **Git hub**
- **Postman**
- **Eclipse**
- **VS Code**
- **Atom**
- **Intellij**

PROFILE

Proficient in automating web applications using Selenium WebDriver. Experienced in managing project dependencies and builds with Maven. Skilled in creating and executing test cases using TestNG framework. Committed to delivering reliable and efficient automated testing solutions.

PROJECTS

Automating Dropdown Selection and Printing Options

Create a script to automate selecting an item from a dropdown menu.Retrieve and print all available dropdown options to the console for verification. Use assertions to validate the default selected value and the item chosen during execution.

Handling Alerts and Validating Responses

Write a test case to trigger and handle JavaScript alerts on a webpage.Automate accepting, dismissing, and extracting alert text for logging purposes.Validate that the alert's action (e.g., confirmation) updates the webpage or logs appropriately.

Form Submission with Assertions

Automate filling out a form with dropdown selections, checkboxes, and input fields.Validate the form submission success message with assertions.Extract key form responses and print them to the console for debugging.

INTERNSHIP

Intern (API Testing)

Worked on API testing of CRUD operations using tokens provided by the intern operation.Utilized Postman for testing and verifying API endpoints

Intern (SAADIVSH Interior)

Styled and developed front-end components using HTML and CSS to meet client requirements.Ensured responsive and user-friendly design implementations.

Intern (RKB Real estate Project)

Worked in a team environment, contributing to group projects and collaborative efforts.Experienced in using GitHub for version control including pushing and pulling code changes.

CERTIFICATION

SCRUM FUNDAMENTAL CERTIFIED

Based on Agile Methodology

JAVA FULL STACK DEVELOPMENT

Payilagam institute Velachery Chennai
